

Man in a Box

Man in a box my head's being crushed
Crop circles are there to sell magazines
Everything goes on between your ears

Pope on a rope, the ruts smoked dope

I can't stand the way that you talk to me
I can't stand the way that you talk to me
I can't stand the way that you talk to me
I can't stand the way that you talk to me

Man in a box my head's now crushed
Are UFO or R U 4 me?
Can you put your life on a poster?
You lost the blueprint

C I Aim to please another media gaze

I can't stand the way that you talk to me
I can't stand the way that you talk to me
I can't stand the way that you talk to me
I can't stand the way that you talk to me

Are you talking to me?
Or are you talking at me?

See I aim to please: another media gaze!

I can't stand!!
I can't stand!!

I can't stand the way you talk to me

I can't stand.....!

I can't stand the way that you talk to me
I can't stand the way that you talk to me
I can't stand the way that you talk to me
I can't stand the way that you talk to me
